

RITE NOW @ ROP

Talke Heart, Inc. operates as a non-profit organization based in South Bend, dedicated to supporting youth facing significant risk factors such as involvement in the school-to-prison pipeline, juvenile incarceration, drug-related issues, and exposure to violence. Mr. Williams, the Co-Founder, and Ms. Ellen, the Founder, recently visited our site to discuss their program. Their primary focus lies in implementing impactful strategies to positively influence youth behavior through mentorship. Their approach encompasses teaching essential skills such as non-violent communication, life skills, and advocating for restorative justice principles.
