

RITE NOW @ ROP

DePaul Academy was delighted to host its third annual Easter Egg Hunt for families in the surrounding neighborhood. This year, we collaborated with the local YWCA, a women's shelter for victims of domestic violence, welcoming many of their residents and children to join in the festivities.

Our dedicated staff organized various games for the children, facilitated Easter-themed crafts, and adorned the pavilion and sidewalks with vibrant sidewalk drawings, spreading joy and cheer.

In our commitment to surpass previous years, every prize in our games was claimed by neighborhood children, and nearly every craft was completed for the kids to proudly take home. The highlight of the event was our largest egg hunt to date, featuring a staggering 1,720 Easter eggs scattered across the field.

As the event came to a close, numerous parents expressed their anticipation for our return next year. In response, we assured them that we are excited for this to continue to be an annual event.
